Directors' Report

The directors of your company are pleased to present the financial statements for the period ended September 30, 2015.

During the period under review cold rolling capacity increased to 500,000 tons per annum with the addition of a second stand for the cold rolling mill. The first coil from the new extended mill was produced on the 26th of July, delayed by a month. Commercial production commenced in August 2015.

As reported in the last Directors' report, a second Galvanizing Line with a nameplate capacity of 250,000 tons per annum was commissioned in July 2015. Our total capacity for Galvanized Steel coils increased to 400,000 tons per annum. With the expansion almost the entire national demand for Galvanized steel sheets can be produced locally thereby providing significant foreign exchange savings for the country as well as a substantial contribution to the national exchequer.

The global steel prices continued to slide, as there is significant excess capacity and a global economic slowdown, particularly in China who contributes to well over 50% of world's steel output. The minimum level of inventory your company can operate at based on the current lead time of 45 days being offered by the world's steel mills is 90 days. This includes 30 days of goods in transit. Throughout the year in a market in which prices have halved your company has been continually faced with incoming raw material at prices higher than the prevailing market at the time of arrival and this has had an adverse impact on our profitability.

Pakistan has a Free Trade Agreement (FTA) with China, which results in almost 70% of total imports being made from China at a concessional rate of duty. Additionally, a significant quantity of flat steel under the guise of 'alloy' which incurs no duty has been imported from China. Both these have caused significant injury to the local industry.

The National Tariff Commission has accepted anti-dumping cases for import of both cold rolled and galvanized steel from China. Investigations about the extent of possible injury to the local industry are currently under way, and as our applications are accepted, we expect interim relief before the end of the year in the form of additional import duty on our finished products.

Sales were lower than the same period last year by 3% and gross profit remained under pressure owing to higher input cost and the continuous decline in steel prices. The exchange rate fluctuation during the quarter also had an adverse impact on profitability. For the current period, your company declared a loss after tax of Rs. 202 million compared to a profit of Rs. 2.32 million in same period last year.

With the completion of expansion projects and streamlining of operations the company expects an improvement in its business performance for the rest of this financial year.

We pray to Almighty Allah for the success of your company.

12 CONTINGENCIES AND COMMITMENTS

12.1 Contingencies

12.1.1 The Sindh Finance Act, 1994 prescribed in the position of an infrastructure fee on C&F value of all goods entering or leaving the province of Sindh via sea or air. The High Court on petition filed, passed an interim order directing that every Company subsequent to 27 December 2006 is required to clear the goods on paying 50% of the fee amount involved and furnishing a guarantee / securities for the balance amount as directed. Bank guarantees issued as per the above mentioned interim order amount to Rs. 316.5 million (30 June 2015: Rs. 298.5 million), have been provided to the Department. However, a provision to the extent of amount utilized from the limit of guarantee has also been provided for by the Company on prudent basis (Note 10.1).

12.1.2 As per the Gas Infrastructure and Development Cess Act 2011 (the Act), certain companies as specified in the Act (including Sui Southern Gas Company) shall collect and pay Gas infrastructure and Development Cess (GID Cess) in such manner as the Federal Government may prescribe. As per the second schedule of the Act, GID Cess of Rs.13 per MMBTU was applicable on International Steels Limited. Through Finance Bill 2012 – 2013, an amendment was made to the Act whereby the rate of GID Cess applicable on International Steels Limited was increased to Rs.100 per MMBTU.

On 1 August 2012, the Company filed a suit bearing number 859/2012 wherein it has impugned the Act on the ground that the rate of GID Cess has been enhanced without any lawful justification and authority. The Honorable High Court of Sindh at Karachi vide its ad-interim order dated 6 September 2012 has restrained Sui Southern Gas Company Limited (SSGC) from charging GID Cess above Rs. 13 per MMBTU. As a result, SSGC invoices to the Company at Rs.13 per MMBTU which has been recorded.

Peshawar High Court vide order dated 13 June 2013 declared that the provisions of the Act, imposing, levying and recovering the impugned Cess, are absolutely expropriatory and exploitative and being constitutionally illegitimate, having no sanction there for under the constitution, hence, are declared as such and set at naught. However, Supreme Court of Pakistan vide its order dated 30 December 2013 has suspended the judgment of Peshawar High Court. The management is of the view that the Supreme Court of Pakistan suspended the order of the Peshawar High Court and leave is granted to consider various other aspects stated in the order. Therefore, a final decision is pending for adjudication.

During the period, Government passed a new law "Gas Infrastructure Development Cess Act 2015" 'The Act', by virtue of which all prior enactments have been declared infructuous. The said Act levies GIDC at Rs 100/MMBTU on industrial and Rs 200/MMBTU on captive power consumption, effective July 01, 2011. The Company has obtained a stay order on the retrospective application of the Act from The Honorable High Court of Sindh. The Company is confident of favourable outcome and therefore has not recorded a provision of Rs.380.8 million (from July 01, 2011 till May 22, 2015) in this condensed interim financial information.

Notes to the Condensed Interim Financial Information (Unaudited)

For the quarter ended 30 September 2015

- 12.1.3** Section 113(2)(c) was interpreted by a Divisional Bench of the Sindh High Court (SHC) in the Income Tax Reference Application (ITRA) No. 132 of 2011 dated 07 May 2013, whereby it was held that the benefit of carry forward of Minimum Tax is only available in the situation where the actual tax payable (on the basis of net income) in a tax year is less than Minimum Tax. Therefore, where there is no tax payable due to brought forward tax losses, minimum tax could not be carried forward for adjustment with future tax liability.

The Company based on legal councils' advices considered that certain strong grounds are available whereby the aforesaid decision can be challenged in a Larger Bench of the SHC or the Supreme Court of Pakistan. A leave to appeal against the aforesaid decision has already been filed before the Supreme Court of Pakistan by other companies which is pending for hearing. In view of above, the Company is confident that the ultimate outcome in this regard would be favourable. Accumulated minimum tax liability of Rs. 219.51 million was determined for the tax years 2012 and 2013.

However, based on the assessment and estimation for availability of sufficient taxable profits on the basis of 5 years projections and tax credits available to the Company under section 65B of the Income Tax Ordinance, 2001, accumulated minimum tax liability amounting to Rs. 596.22 million has not been recorded on the same basis in the financial statements for the period ended 30 September 2015.

- 12.1.4** Guarantee issued in favour of Sui Southern Gas Company Limited by the bank amounted to Rs. 222.7 million (30 June 2015: Rs. 222.7 million) as a security for supply of gas.
- 12.1.5** Guarantees issued in favour of Pakistan State Oil issued by bank on behalf of the Company amounted to Rs. 2.5 million (30 June 2015: Rs. 2.5 million).
